

DL AGRO Loader-Crane

DL Agro loader-crane (1,3 t/5.5m) is the attachment for tractors with 3-point hitch. DL Agro is designed for operation in farming for **Big-Bags** loading and unloading afield and in warehouses. Also, it can be used for construction and repair. **DL Agro loader-crane increases efficiency of any tractor and trailer used at a farmyard.**

DL Agro

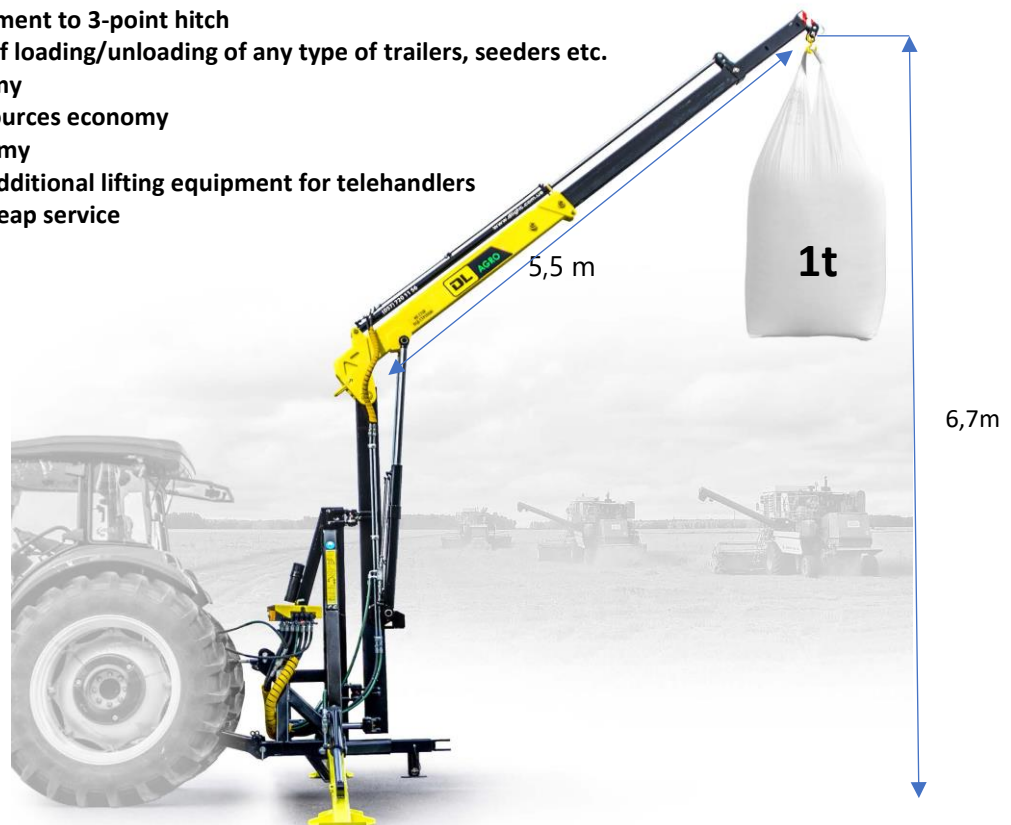

Specifications

Max. horizontal reach	m.	5,5
Max. reach lifting capacity	kg.	1000
Min. reach lifting capacity	kg.	2000
Max. vertical reach	m.	6,5
Slewing angle	degrees	160
Crane weight without working liquids	kg.	1100
Linkage system category 2, 3	type	3 points
Outrigger	type	hydraulic
Drawbar-eye to attach a trailer	type	4-6 tones, ~10 m3
Max. oil flow	L/min	40
Max. working pressure	bar	160
Control valve	5 sections	AKON AMV-505
Check valve	pcs.	6
Caution signal at operator post	type	button
Inclinometer	type	bubble
Dimensions in transport conditions	h w l, mm	3130 x 1900 x 1580
Pick-up mechanism	+	hook
Oil tank	+	tractor's oil tank
Max. lifting moment	kN/m	40

DL Agro

Advantages

- ✓ **Hydraulic outriggers and inclinometer assure stability on different surfaces**
- ✓ **Hydro locks, caution signal, danger labels and signs in accordance with European safety requirements**
- ✓ **Possibility of operation in limited space and on rough ground**
- ✓ **Easy attachment to 3-point hitch**
- ✓ **Possibility of loading/unloading of any type of trailers, seeders etc.**
- ✓ **Fuel economy**
- ✓ **Human resources economy**
- ✓ **Time economy**
- ✓ **Can be an additional lifting equipment for telehandlers**
- ✓ **Easy and cheap service**

Warranty period for the DL AGRO loader-crane is 12 months. The warranty period starts from putting the manipulator into service by the authorized service center
